

ELEPHANTS ALSO GET BORED WHEN THEY ARE IN THE SAME SURROUNDINGS EVERY DAY. WHEN THEY GET STRESSED, THEY KEEP REPEATING AN ACTION, LIKE SWAYING THEIR TRUNKS FROM SIDE TO SIDE...

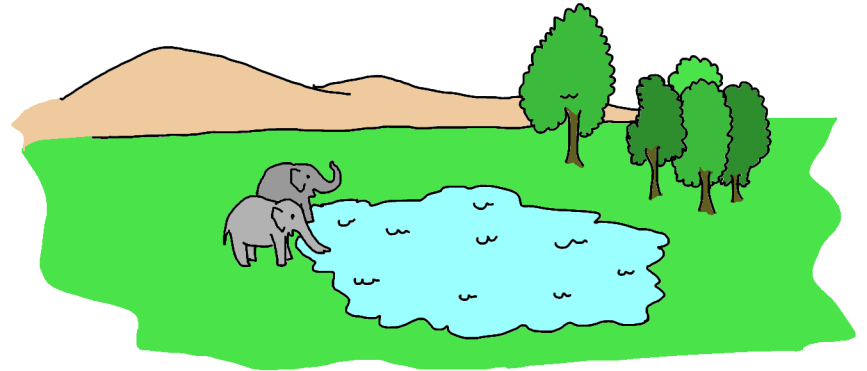

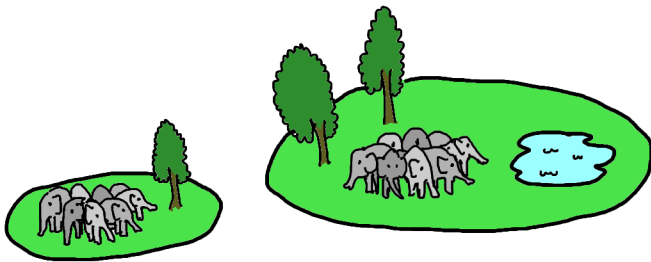

... OR BOBBING THEIR HEADS UP AND DOWN. IT LOOKS FUNNY TO HUMANS, AND THEY APPEAR TO BE DANCING, BUT IN REALITY THEY ARE STRESSED AND FEEL HELPLESS

THE NEW "ELEPHANT LANDS" IS FOUR TIMES BIGGER THAN THE CURRENT EXHIBIT, BUT IS STILL NOT BIG ENOUGH FOR A HUGE ANIMAL LIKE AN ELEPHANT, THAT NEEDS TO ROAM OVER VAST LANDS.

TO SEE A HEALTHY LOOKING ELEPHANT, WE SHOULD GO TO A SANCTUARY. ELEPHANTS HAVE PLENTY OF SPACE TO ROAM, PLAY, EXPLORE AND BE THEMSELVES. THEY GET ALL THE CARE THEY GET IN A ZOO, BUT ALSO LOTS OF SPACE

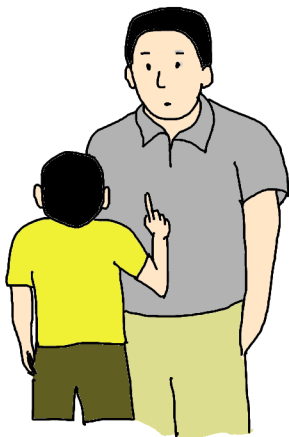

WHEN WE GO TO A ZOO, WE ARE NOT SEEING A HEALTHY LOOKING ELEPHANT.

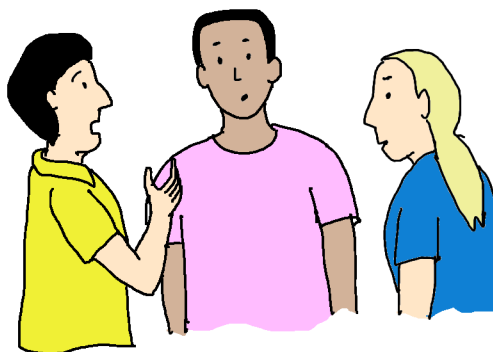

AT FOZE ([HTTP://FREEOREGONZOOELEPHANTS.ORG](http://freeoregonzooelephants.org)), WE ARE TRYING TO MOVE PAKY AND HIS COMPANIONS TO SANCTUARIES

WOULD YOU JOIN OUR MISSION?

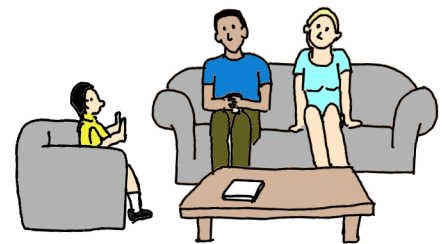

TELL THE ZOO OFFICIALS THAT ELEPHANTS DO NOT BELONG THERE

INFORM YOUR FRIENDS ABOUT THE ZOO ELEPHANTS' SUFFERING

TELL YOUR FAMILY WHY CAPTIVE ELEPHANTS MUST BE MOVED TO SANCTUARIES

CONNECT WITH US ONLINE OR IN PERSON!

THANK YOU!
