

ELEPHANTS ALSO GET BORED WHEN THEY ARE IN THE SAME SURROUNDINGS EVERY DAY. WHEN THEY FEEL HELPLESS AND GET STRESSED, THEY KEEP REPEATING AN ACTION, LIKE SWAYING THEIR TRUNKS FROM SIDE TO SIDE...

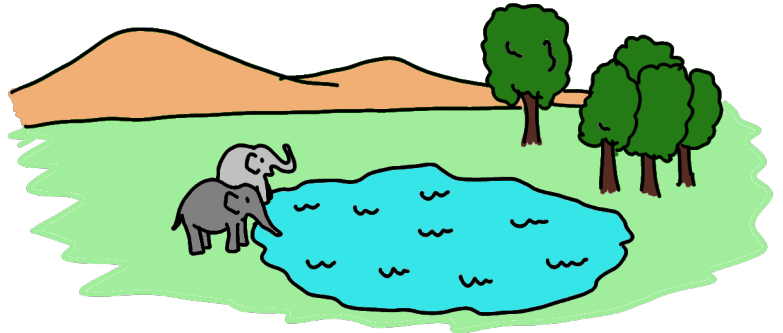

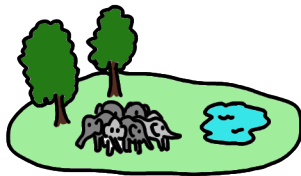

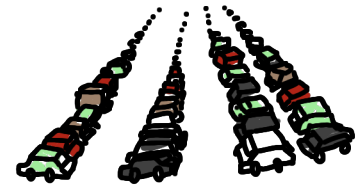

... OR BOBBING THEIR HEADS UP AND DOWN. IT LOOKS FUNNY TO HUMANS, AND THEY APPEAR TO BE DANCING, BUT IN REALITY THEY ARE STRESSED AND FEEL HELPLESS.

THE ELEPHANT HABITAT AT THE ZOO IS TOO SMALL TO KEEP THE ELEPHANTS HAPPY. THE ZOO'S PARKING SPACE FOR CARS IS LARGER THAN THE LIVING AREAS FOR ELEPHANTS!

TO SEE HEALTHY ELEPHANTS, WE SHOULD GO TO A SANCTUARY. ELEPHANTS THERE HAVE PLENTY OF SPACE TO ROOM, PLAY, EXPLORE AND BE THEMSELVES. THEY GET ALL THE CARE THEY GET IN A ZOO, BUT ALSO LOTS OF SPACE AND FREEDOM.

WHEN WE GO TO A ZOO, WE ARE NOT SEEING HEALTHY ELEPHANTS.

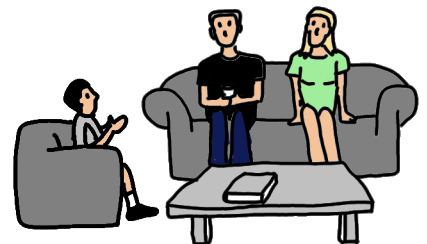

AT FOZE (FREE THE OREGON ZOO ELEPHANTS), WE ARE TRYING TO MOVE CHENDRA AND HER COMPANIONS TO SANCTUARIES THAT ARE READY TO OFFER THEM SPACE.

WOULD YOU HELP US IN OUR MISSION?

LET THE ZOO OFFICIALS KNOW THAT ELEPHANTS DO NOT BELONG AT THE ZOO.

INFORM YOUR FRIENDS ABOUT THE ZOO ELEPHANTS' SUFFERING.

INFORM YOUR FAMILY WHY CAPTIVE ELEPHANTS NEED TO BE MOVED TO SANCTUARIES.

CONNECT WITH US!
